HEALTH AND SAFETY POLICY STATEMENT

Tawmix Recycling Limited is committed to ensuring the health, safety and wellbeing of its employees so far as is reasonably practicable, and accepts our responsibility for other persons who may be affected by our activities.

We take steps to ensure that our statutory duties are always met. Each employee is given such information, instruction and training as is necessary to enable the performance of their work activities safely.

It is the duty of management to ensure that all processes and systems of work are designed to take account of health and safety and are always properly supervised.

Adequate facilities and arrangements are maintained to enable employees and their representatives to raise issues of health and safety.

Competent people are appointed to assist us in meeting our statutory duties including, where appropriate, specialists from outside the organisation.

Every employee must cooperate with us to enable all statutory duties to be complied with. The successful implementation of this policy requires total commitment from all levels of personnel from management to staff of site including out trainees.

Everyone has a legal obligation to take reasonable care for their own health and safety, and for the safety of other people who may be affected by the acts or omissions.

Full details of the organisation and arrangements for health and safety will be set out in separate documents.

This policy is regularly monitored and reviewed to ensure that the objectives are achieved. It will be reviewed, and if necessary revised in the light of legislative or organisational changes.

Signed: Mr Richard Beer
